7. [] LIAISON Called Dennis Miller, House Government Operations Subcommittee on Economy, Energy, and Natural Resources staff, to respond to his inquiries about the availability of data obtained by U.S. Government on overhead reconnaissance. After checking with [] CSS/NFAC, I advised him of the unclassified sources of overhead reconnaissance within the DIA, U.S. Geological Survey, NASA, and U.S. Department of Agriculture. I also mentioned to him that the intelligence collection and declassification is placed within the DIA system, which I had already mentioned to him. Mr. Miller appreciated this information and indicated that it was proposed to him to check on the biographical systems and other long range climatology data.

8. [] LIAISON Received a call from David Shaw, Senate Select Committee on Intelligence staff, who said Senator Richard Lugar (R., Ind.) will be traveling with the Secretary of the Treasury Michael Blumenthal to Saudi Arabia, Iran, Abu Dhabi and Kuwait departing 15 November. Shaw asked for a substantive briefing on these countries for 13 or 14 November. We tentatively agreed on 14 November at 1:00 p.m.

9. [] LIAISON Received a call from Dot Roberson, Senate Select Committee on Intelligence staff, on behalf of Earl Eisenhower, also of the Committee staff, who said Senator Barry Goldwater's (R., Ariz.) office had no objection to the release of the Senator's name in four documents to be provided to [] under his FOIA request.

10. [] LIAISON Hal Ford, Senate Select Committee on Intelligence staff, was at Headquarters and met with Dr. Robert Bowie, D/NFAC, Sayre Stevens, DD/NFAC, and [] CSS/NFAC, regarding a New York Times article that Admiral Turner was slanting National Intelligence Estimates to meet Administration policy. (See Memorandum for the Record.)

11. [] LIAISON Received a call from Len Weiss, Staff Director, Senate Governmental Affairs Subcommittee on Energy, Nuclear Proliferation and Federal Services, who said that the House International Relations Subcommittee on International Organizations report on South Korean activities in this country mentions the South Korean nuclear effort in the 1970 to 1975 time period. Weiss asked for a briefing on CIA's knowledge of this nuclear effort and also asked what information was passed to the State Department on it.

12. [] LIAISON Called Tom Crowley, Senate Select Committee on Intelligence staff, and informed him of the four meetings I had set up for him on 9 November.
